

**Deadline is
March 26!**

**Conceive.
Create.
Share.**

The Green Shorts Film Festival is an annual video contest focused on saving our planet and being green. This year the contest theme is "Bringing It Home". We want your compelling and pragmatic solutions and entertaining commentaries on energy independence, sustainability and a green future.

"Bringing It Home"

- Write, produce, direct, edit and/or score your own original short film (under 2 min.)
- Learn how - with tutorials and workshops at Santa Barbara Channels - members can even use SB Channels' studio and gear!
- Win a MacBook from Samy's Camera and other great prizes
- Winners will be aired on Channel 17 and screened at this year's Earth Day Festival organized by the Community Environmental Council.
