

## Transit Tips!

We have done our very best to gather all the information you will need to get started using the public transportation choices our communities have to offer. We want to make sure you have everything you need to make your public transit travel on the Central Coast a pleasurable part of your day. **Welcome Aboard!**

### ➤ Before you leave:

Make sure you have everything you need to help your day go smoothly:

- Names, addresses and phone numbers for everyone you are going to see and the places you are going to visit.
- Route maps and brochures for all parts of your trip.
- Write down all the route numbers, bus stop locations, and transfers you will be using. Work backwards from the time you need to arrive at your destination to decide when you must be at your first boarding bus stop:
  1. The bus stop closest to where you are starting.
  2. Note the time you need to be at this first stop in order to reach your destination on time.
  3. Do you need to use a Dial-A-Ride service to get to your first stop or from your last stop to your actual destination? If so:
    - a. Make your Dial-A-Ride reservations as soon as possible.
    - b. Make sure Dial-A-Ride can get you to your stop, destination and return stop in time to make all connections.
    - c. Remember, Dial-A-Ride services need an extended window of time. (Usually 15 to 20 minutes)

**Remember: Not all areas of the county have Senior Shuttle or Dial-A-Ride services.**

- Bring your wallet or purse with your identification and any medications you may need before you return home.
- Make sure you have the correct fare or passes for all buses you will be riding.
- Bring necessary clothing, especially if the weather is inclement or if you may find yourself returning later than planned.
- Bring a small flashlight in your pocket or purse.
- Bring your cell phone (if you have one).
