

# Legend

## Bikeways

 **Bike Path (Class I)**  
A completely separated right-of-way for the exclusive use of non-motorized travel.

 **Bike Lane (Class II)**  
A designated lane for one-way bike travel identified by special signs, lane striping, and other pavement markings.

 **Bike Route (Class III)**  
A shared right-of-way designated by signs only, with bicycle traffic sharing the roadway with motor vehicles.

 **Recreational Route**  
Scenic route on rural roads. May have high speed vehicle traffic, varying shoulder widths, and challenging climbs. Travel way is shared with pedestrian and/or motor vehicles.

 **Bicycle Boulevard**  
A low-speed street optimized for bicycle traffic. Designed to give priority to bikes, while still allowing local motor-vehicle traffic.

 **Sharrows**  
A shared right-of-way designated by a shared-lane marking, typically along bike routes.

 **Pacific Coast Bike Route**  
Coastal bike route along State Route 1 through the county. Follows off-highway surface routes through several communities.
