

5 Steps to Get Started in a Vanpool

Find Your Vanmates

Identify 5 or more coworkers that have a similar schedule and commute as you. Once you have your group, designate a vanpool captain.

Explore Your Options

Decide which vanpool provider you would like to use. We currently contract with three vanpool providers to cover up to 50% of your monthly vanpool costs. Contact vendors about lease pricing and vehicle options.
[Commute With Enterprise](#), [Ride On](#), & [Green Commuter](#).

Submit For Subsidy

Once you have identified your preferred vanpool provider, please email the selected providers name and list of vanpool riders to **info@rideshare.org** to start the application for the monthly subsidy.

Fill Out The Rider Agreements

The vanpool captain will then need to complete the [Vanpool Captain Form](#) and each rider will need to complete a [Rider Agreement Form](#). Rideshare will review your documents and let you know when your vanpool is approved.

Get On The Road!

Each participant in the vanpool program needs to create an account at **iRideshare.org** and log vanpool trips to maintain participation in the monthly subsidy. To learn how to log trips click [HERE](#).
